

Let's talk about bioluminescence

September 24, 2024, 09:30 – 17:00

Agnès Ullman Amphitheater
25, rue Docteur Roux 75724 Paris Cedex 15

09:15	<i>Welcome</i>
09:30	<i>Introduction</i>
09:35	<i>Bioluminescence from biochemical tests to in vivo</i> T. Rose, Pasteur Institute
10:00	<i>In vivo imaging with NanoLuc</i> F. Mignot, Promega
10:20	<i>Coffee break</i>
10:55	<i>Signal variation in vivo and multi-bioluminescence</i> H. Petite, B3OA UMR CNRS INSERM 7052
11:15	<i>Chemiluminescence in vivo</i> G. Renault, Institut Cochin
11:35	<i>Bioluminescence imaging techniques</i> G. Reveillon, Revvity
12:00	<i>Lunch (buffet)</i>
14:00	<i>Bioluminescence origins</i> Prof. M-A Selosse, MNHN
14:40	Flash questions and discussions
16:00	<i>Perspectives for bioluminescence</i> J. Bassetti, Promega
16:20	<i>News for in vivo imaging</i> G. Reveillon, Revvity
16:40	<i>Closure</i>
